Subject: Lower Ley Creek: Presentation on Local Disposal Options

All,

As requested during the last call, attached is a short presentation showing the design and estimated costs for use of the North Landfill for the Ley Creek sediments. For comparison purposes, this presentation also includes the figures and costs presented in the proposal circulated by the Town of Salina on June 6.

We understand EPA will soon be scheduling a call to further discuss this matter and next steps.

Have a happy holiday,

-Davon
